5. Copee is a hard-working cop. He found a case and almost at the verge of cracking it. It could be his best breakthrough. He has the list of criminals but lots of duplicates are there. He needs to find the only one that is different. He sought your help. How will you sort this issue?
Using the command given below, we can remove duplicates in entries.
`sort -u filename`
6. What are the four parts of file's permission?
Read, Write, Execute, Delete
